1. In response to the very encouraging dispatch referenced above, Vienna Station, speaking for the Salzburg Base, would like to request that Munich rent for the GRUCHOW Project a small safehouse to be used for radio training on a continuing basis. The house will be paid for by GRUCHOW; so please T/A all expenses to Vienna for charge to GRUCHOW. We would appreciate your recruiting and vetting a safehousekeeper for us. The safehousekeeper should fulfill only the standard requirements of security, honesty and discretion.

2. As for location, we would like the house to be reasonably near Munich so the housekeeper could if necessary communicate with the Munich Base. Since the house will be used for radio training it should not be near an airport, railroad line or other source of industrial noise.

3. Officers of our Salzburg base would be glad to confer with you about the suitability of any particular houses you may line up.
